

**S K ENTERPRISES**

# Manufacturer of Customized Precision Engineering & Sheet Metal Components

- **ELECTRIC & ELECTRONIC BOXES**
- **SHEET METAL**  
(ALL HEAVY & LIGHT FABRICATION)
- **GARDEN DECORATIVE POLES**
- **ELECTRIC STREET LIGHT POLES**
- **ALL TYPES OF CABLE TRAY**

## ABOUT US

Founded in 2002, **SK ENTERPRISES** has established itself as a leading manufacturer in the field of electrical and electronic products, specializing in high-quality Electric & Electronic Boxes, Sheet Metal Fabrication (both heavy and light), Garden Decorative Poles, Electric Street Light Poles, and Cable Trays. With over two decades of experience, we have built a reputation for delivering precision-engineered solutions that meet the highest industry standards.

Our commitment to quality, innovation, and customer satisfaction drives us to continually enhance our manufacturing processes and product offerings. By combining advanced technology with skilled craftsmanship, we create durable, reliable, and aesthetically pleasing products that cater to a wide range of sectors including infrastructure, urban development, and outdoor decoration. Our team is dedicated to understanding our customers' needs, ensuring we provide tailored solutions that exceed expectations.

### Our Mission

Our mission is to be a global leader in the manufacturing of electrical and electronic solutions, sheet metal products, and urban infrastructure elements, by offering innovative, high-quality, and reliable products.

We are committed to fostering long-term relationships with our customers and stakeholders by delivering exceptional value through technical expertise, efficient processes, and a strong focus on sustainability.

### Our Vision

Our vision is to be the preferred partner in the global market for innovative and sustainable electrical and infrastructure solutions.

We aspire to continuously lead in product excellence, customer satisfaction, and operational efficiency, while shaping the future of urban infrastructure with cutting-edge technologies.

Through continuous research and development, we aim to create a future where our products play a pivotal role in making cities smarter, greener, and more connected.

## Enclosure Box

EC Box electrical metal enclosure box comes in two variants. IP 55 and IP 65 versions are welded and certified in CPRI.

These boxes are predictable in quality, robust and can be provided in 41 Various Sizes.

We can also offer you these Boxes with Acrylic / Glass Doors. Should you require odd sizes and higher IP clause protection up to IP 66, we can provide these as well

## Terminal Box

EC Terminal Boxes and wall-mounted enclosures are fast-moving items readily available across India and widely used in power, rail, steel, cement, chemical, food industry, and OEM application.

A wide range is available with excellent powder coating and a seamless PU gasket.

Customized solutions to meet special requirements like nonstandard sizes, colours, and requirements.

## Stainless Steel Enclosures

EC SS Boxes outdoor metal enclosure box come in two variants. IP 65 and IP 65 versions are welded and certified in CPRI.

These boxes are predictable in quality, robust and can be provided in 12 Various Sizes.

We can also offer you these Boxes with Acrylic / Glass Doors. Should you require odd sizes and higher IP clause protection up to IP 66, we can provide these as well.

## Control Desk Enclosures

EC BOX ip65 enclosures control desk is available in one-piece/two-piece construction.

Customized solution is also offered.

## Form 1 Enclosures

EC Form1 Industrial enclosures Series Floor standing Enclosures are Rigid and highly flexible modular enclosure series for versatile applications.

Ideally suited for Industrial automation / Drives / Power transmission and distribution / Special purpose machines.

This Series offers IP66-IK10 protection for single-door enclosures and IP65-IK10 protection for double-door enclosures.

## Upto 15U Wall Mounting IT Rack

Our IT Wall Racks are created with the highest standards in mind, making them the perfect choice for storing your IT equipment in a secure and organized manner.

Available in 1U to 15U sizes, these racks are not only sturdy and versatile, but also incredibly easy to install.

Say goodbye to tangled cables and hello to a perfectly streamlined setup!

## GALLERY

## Powder Coating Services

### Why Us ?

PLC Based Powder Coating Plant.

SS Booth for Quick Colour Changeover

9 Tank PT Proces

Part will sustain up to T. 900 to 1000 hours SS

## Sheet Metal Fabrication Service

MS, SS & AL Welding 0.5 to 30 mm Tickness

Laser Welding

Mild Steel | Stainless Steel | Aluminium

### In-House Facilities :

- ▶ ARC Welding
- ▶ MIG Welding
- ▶ TIG Welding
- ▶ CNC Laser Welding
- ▶ Stud Welding
- ▶ Riveting Facility
- ▶ Buffing Welding

## Laser Cutting Services

- 12 KW | 6.5m x 2.5m Fiber Laser Cutting
- 3 KW | 6m x 2.5m Fiber Laser Cutting

Material : Highest Capacity in Pune up to 40m thick

Mild Steel	40mm.	Stainless Steel	20mm
Aluminium	30mm	Brass	12mm
Copper	15mm		

### Why Us ?

Working experience with India's topmost brands.  
 Branded & precision machines.  
 Skilled Designers & Machine operators.

Advanced CAD-CAM Software.

Assistance from designing to the installation of that project.

## Bending Services

- 125 Tons | • 220 Tons

- 125 Tons Capacity 3000 mm to 0.5 mm to 06 mm Thickness length.
- 220 Tons Capacity 3000 mm Bending 0.5mm to 12 mm Thickness length.

### Why Us ?

Qualified & Experienced Operators.  
 Inhouse Tool Designing & Manufacturing Facility.

Cost Effective.

We always offer parts with close tolerances that no one offer.

## Manufacturing Capabilities

CNC LASER CUTTING SERVICE

CNC BENDING SERVICE

CNC MACHINING SERVICE

SHEET METAL FABRICATION SERVICE

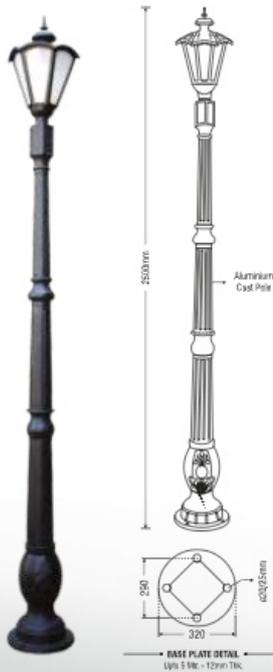

POWDER COATING SERVICE

LASER WELDING SERVICE

## Decorative Poles

### SKDP-001

**SKDP-016**

Decorative robust, aesthetic round tubular Column light column is made out of mild profile with PC frosted/clear diffuser.

<b>Cat Ref. No.</b>	SKDP
<b>Height (mm)</b>	2800 mm
<b>Wattage</b>	45 Watt

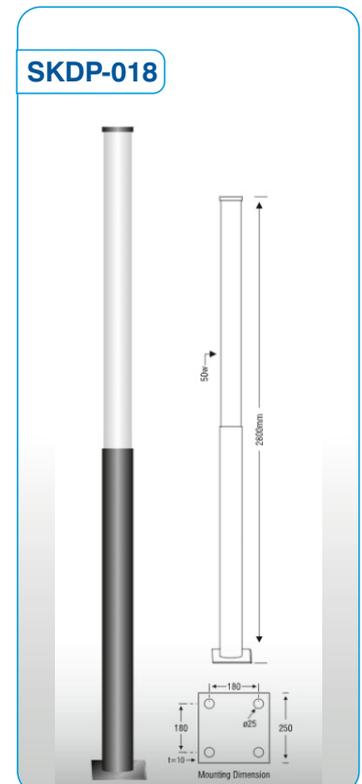

**SKDP-017**

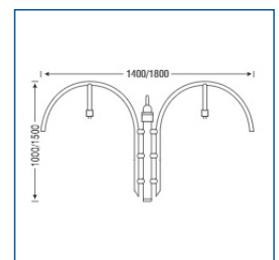

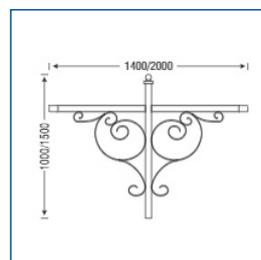

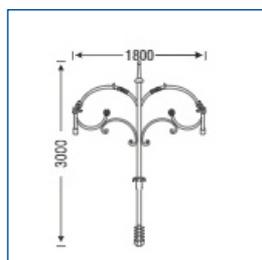

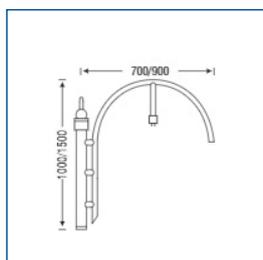

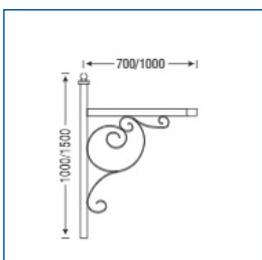

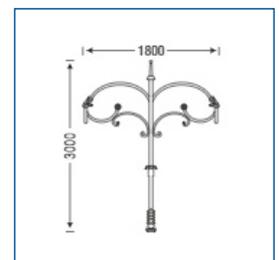

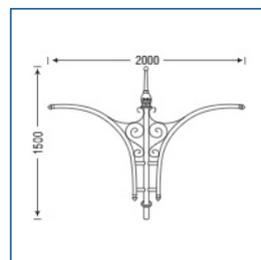

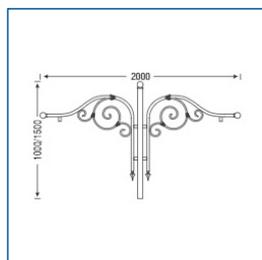

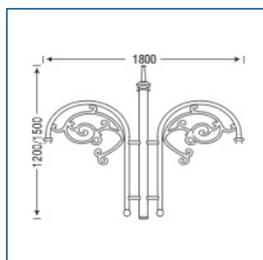

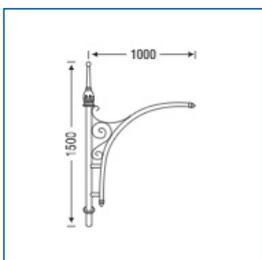

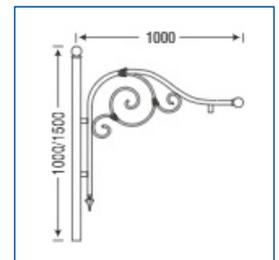

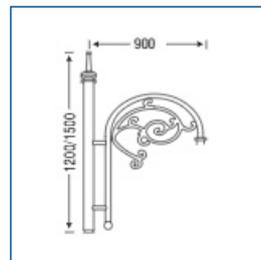

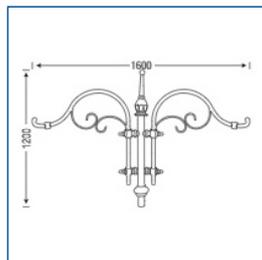

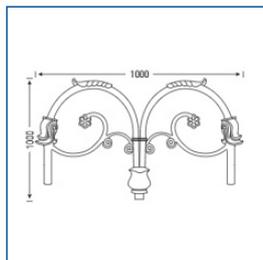

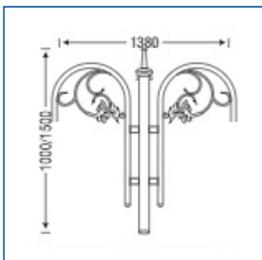

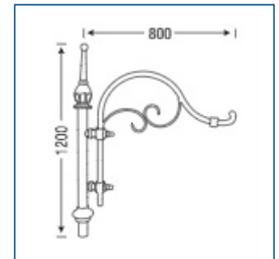

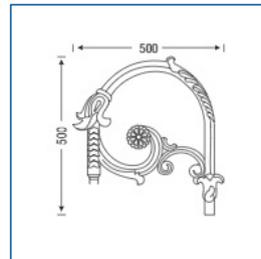

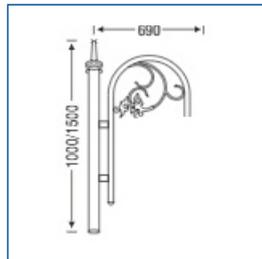

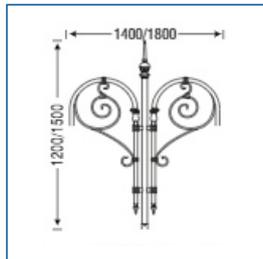

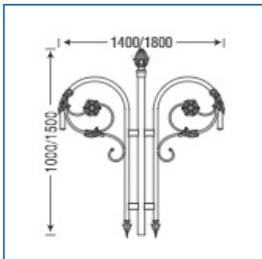

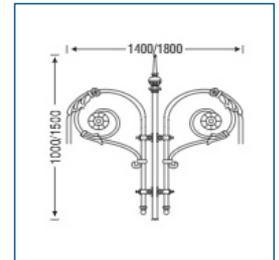

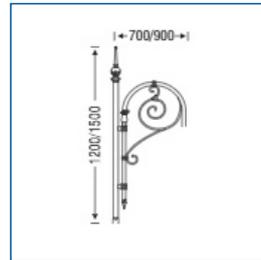

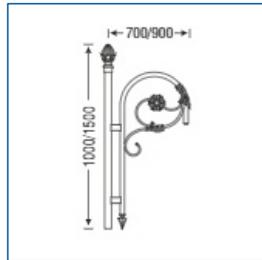

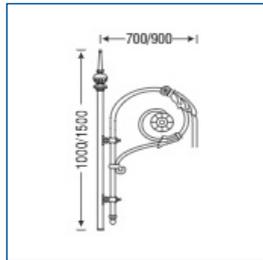

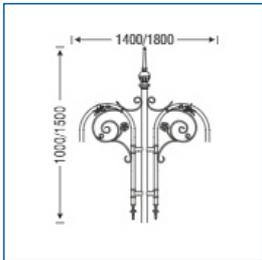

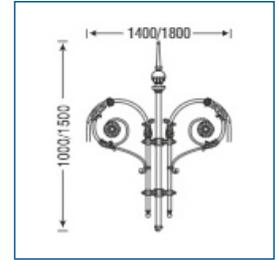

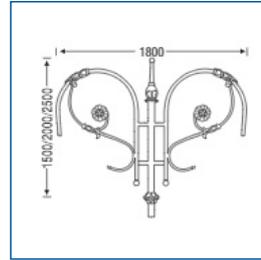

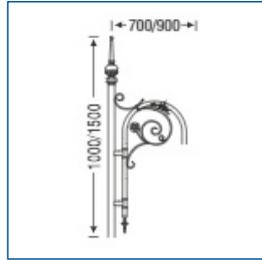

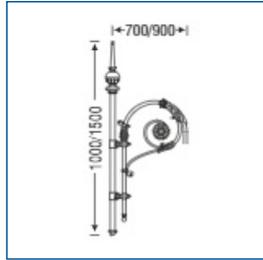

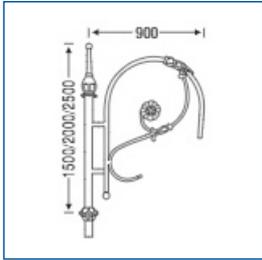

Decorative robust, aesthetic cross arm light made out of mild, steel profile with PC diffuser/frosted.

<b>Cat Ref. No.</b>	SKDP
<b>Height (mm)</b>	2800 mm
<b>Wattage</b>	2x45 Watt

**SKDP-018**

## Decorative Brackets

## Garden Lighting Poles

### Product Description

- Pole design parameters vary depending on the type of bracket and loading factor.
- Base plate made of MS grade material with 10 mm thickness.
- The foundation bolt holes in the base plate are designed to be elongated for fine adjustments/alignment of the pole during installation.
- we are using best quality cast iron material with best possible design.

### Product Benefits

- Quick installation and low assembly costs.
- A wide range of Pole heights and bracket options to meet various lighting requirements.
- Innovative Design options to provide Visual integration with the environment.
- Long life span.

### Area of Application

Illuminating pathways in parks, gardens, resorts, Private driveways, Residential Area Lighting, boulevards, shopping centers, building perimeters and public places.

#### Range of Pole Heights :

0 Meter | 3 Meter | 4 Meter | 5 Meter | 6 Meter | 7 Meter | 7.5 Meter

## Highway Poles

Offering a wide range of Highway Poles that are equipped with latest technology and designs. Our Street Light Poles are maintenance free and can be easily handled.

## Park Light Poles

We are known as one of the most reliable and trusted manufacturer and supplier of a very excellent range of Park Light Poles.

We have been appreciated and admired in market for our high quality park light poles.

Our range of park light poles are available at industry's leading price.

## Wall Mounting Lights

EC SS Boxes outdoor metal enclosure box come in two variants. IP 65 and IP 65 versions are welded and certified in CPRI.

These boxes are predictable in quality, robust and can be provided in 12 Various Sizes.

We can also offer you these Boxes with Acrylic / Glass Doors.

## Park Lighting Poles

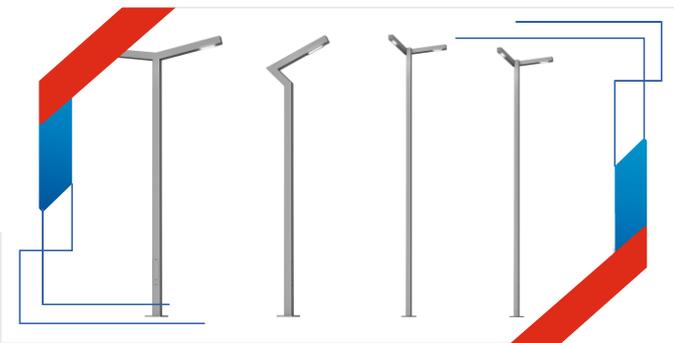

The Park pole is perfect for park and pipe – and by that we mean light, strong and really maneuverable. It's made from lightweight aluminum alloy and we've given it a bike-inspired Freeride grip that won't slip.

**Society Road Poles**

**Farm House Poles**

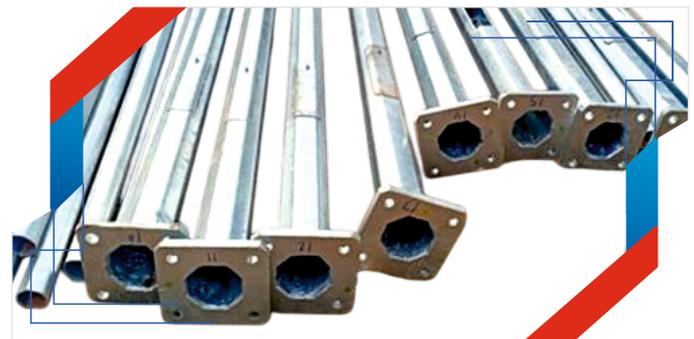

## Square Poles

Square Lighting Pole is a contemporary design that is both timeless and unique in its impression. Compact without visible mounting equipment and optimised integration, Polar is in perfect continuity with the geometric lines of the square column.

These assemblies are ideal for surroundings of contemporary architectural constructions.

## Aluminium Poles

Aluminium Lighting Pole is a contemporary design that is both timeless and unique in its impression. Compact without visible mounting equipment and optimised integration, this series is in perfect continuity with the geometric lines & minimalist design. These assemblies are ideal for surroundings of contemporary architectural constructions.

## Park Lighting Poles

The Park pole is perfect for park and pipe – and by that we mean light, strong and really maneuverable. It's made from lightweight aluminum alloy and we've given it a bike-inspired Freeride grip that won't slip.

## ALL TYPES OF CABLE TRAY MANUFACTURE

Cable trays are mechanical support systems that provide a rigid structural system for electrical cables, raceways, and insulated conductors used for electric power distribution, control, signal instrumentation, and communication.

Metal cable trays are made of galvanized steel, stainless steel, and aluminum. Non-metallic cable trays are made of glass-fiber reinforced plastic.

Cable trays are made of either steel, aluminium or fibber reinforced plastic (FRP) and are available in six basic types,

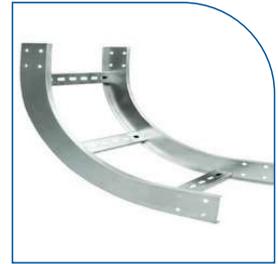

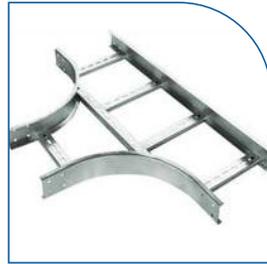

- ▶ Ladder Type Cable Tray.**
- ▶ Channel Cable Tray.**
- ▶ Single Rail Cable Tray.**
- ▶ Solid Bottom Cable Tray.**
- ▶ Wire Mesh Cable Tray.**
- ▶ Trough Cable Tray**

## Ladder Type Cable Tray

- These kind of trays are used to hold up and Carry the higher rating cables.
- It is used in Electrical wiring of building to give the support to the cables used for power, Distribution, Control and Communication.
- Specifically meant for the easy access of cables in case of repair and modification.
- High Strength & Easy Installation.
- Length shall be available 2500mm/3000mm.
- Width/Height shall be available as per the requirement.
- It shall be available in Hot dipping, Pre GI and Powder coating as well.

## Accessories

## Channel Cable Tray

Channel cable tray is a sort of fully enclosed cable tray made from stainless steel, carbon steel, FRP, aluminum alloy. Channel cable trays have powder coated, hot-galvanized and electro galvanized surface mainly used to support computer cables, communication cables, thermocouple cables and other control cables.

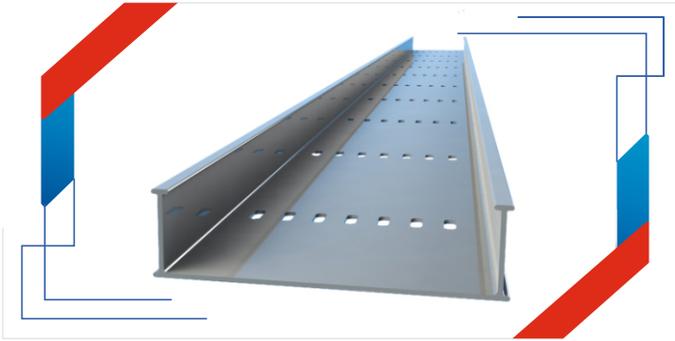

Channel type cable tray has enclosed cover to protect cables from sunlight, falling objects, dust and water or other liquid.

## Features

- ▶ Channel cable trays are fully enclosed and they can protect cables from heat, dust and water.
- ▶ Electro galvanized, hot-dipped galvanized surface makes channel cable trays resist corrosion, rust and chemicals.
- ▶ Channel cable trays have fine fire resistance property.
- ▶ High loading capacity to support cables.
- ▶ Simple structure and beautiful appearance.

## FRP Single Rail Cable Tray

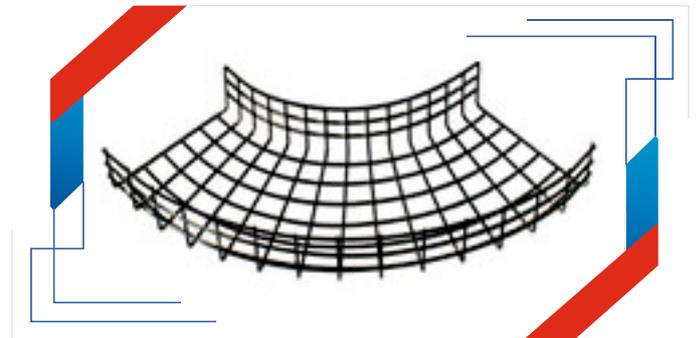

Single Rail Cable Tray designed with latest technology and the quality construction supports for different applications. Manufactures committed to design and develop best range of products. Now it can be available in FRP and GRP finish, even it can also available in different surface options of matt coated. FRP Single Rail Cable Tray designed with unique features like uv resistant tissue coated finish and also available in a wide range of sizes. Apart from that, these are highly cost effective

### Features

- ▶ Light in weight
- ▶ Fast heat dispersion
- ▶ Strong enough to withstand short circuits
- ▶ Superior adaptation to difficult architectural designs for accommodating changes in direction and elevation of cable runs
- ▶ Flexible, easy and fast installation

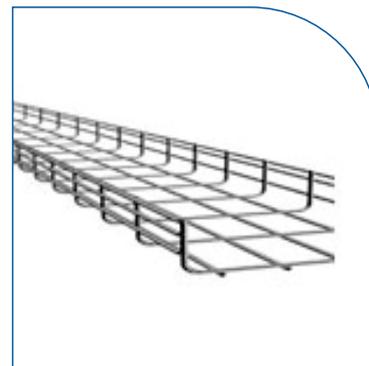

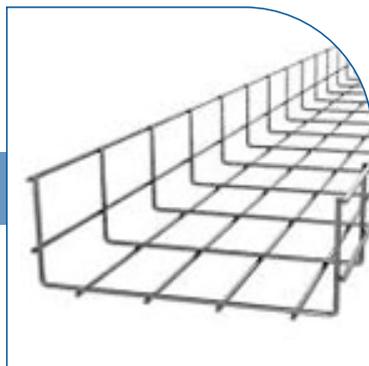

## Wire Mesh Cable Cable Tray

We are leading manufacturer of Wire mesh cable trays & accessories using prime quality raw material. Wire mesh cable trays are widely used in the food production industry where hygiene is prioritized, also used in installation of cables in different telecommunication houses, engineering projects etc.

### Wire mesh cable trays usage areas

- ▶ Chemical Plants
- ▶ Factory and industrial facilities
- ▶ In hospitals
- ▶ Food industries
- ▶ Data Centers
- ▶ Airports
